## Letters to the Editor

### THE VISIT OF THEIR MAJESTIES

Issued by the Direction of the Affairs of the Department of Commerce and Agriculture, J. R. Holden, Vancouver, B.C.

The visit of their Majesties, King and Queen, to Canada, scheduled to take place in May 1939 is of far more importance, and may be made to exert a more powerful influence on the National life than any event of recent times if we make the most of it.

Symbolizing, as His Majesty does, the spirit of those ideals that characterize free peoples the world over, His is the one personality to whom Canadians, regardless of race, politics, tongue, or creed, may say that homage. His, is the one figure about which all Britonians may really participate in this, a time of trouble and confusion.

So, while we inevitably would all delight in welcoming their Majesties, let us not fail to make the occasion serve its fundamental purpose—to wipe away those petty differences that now divide us, and to demonstrate in the display of our devotion to the Crown, that Canadians from Coast to Coast are a united and inseparable people; that in the eyes of His Majesty we have a common tie that not only binds us to each other but to our British brethren the world over.

We should not let the occasion pass with but a colourful and heartless welcome. We should make it a time of spiritual awakening, a time for impressing on the many just what the office of British Kingship has come to symbolize.

It is quite obvious that their Majesties will be able to visit but few points in the West, but we suggest, their brief stay in the Province should be observed by spiritual and patriotic exercises in every Community in the Province. In the organization of such Provincial wide observances, we respectfully suggest, that each local authority in the Province prepare to (continued on back page)

### G. L. C. G. HOLD BAZAAR

Gem Ladies' Club will hold its annual bazaar this year Dec. 2 the first Friday in December; the same as last year.

Numerous prizes will be given out, and there will be a number of variety dances, a bed throw will be raffled at the dance.

The ladies will have tables of fancy work, candy and a miscellaneous table. A fish pond will be of interest to the children.

We hope to see you all there. Poppy music will be supplied by a special orchestra.

## Gem Notes

Mr. and Mrs. Clayton Gathorneau arrived in Gem on Friday. The people of Gem welcome the newly weds in their midst, and extend their congratulations. (Mrs. Clayton Gathorneau was formerly Miss Ethel Bradshaw, of the Basano Nursing Station).

Miss Babe George gave a shower in honor of Miss Iris Robson, Sat. Nov. 13. Fifty guests were present. The house was decorated beautifully in yellow and white.

Miss Jacqueline Collins entered to the tune of "Here comes the Bride" played by Mrs. P. Marquis and in a very fitting manner presented the bride-to-be with a basket loaded with gifts.

It kept the ladies busy admiring the number of useful and beautiful gifts for the best part of the afternoon. Those who were unable to attend also sent presents.

Miss Robson graciously thanked everyone and Mrs. Robson responded in like manner. Mrs. Herford sang "Yesterday".

A delicious luncheon was served by the hostesses, and everyone partook repeatedly and heartily. Needless to say everyone had a marvelous time.

Tom Collihan who underwent an operation in the Holy Cross Hospital is progressing very favorably. His friends all wish him a speedy recovery.

Mrs. W. Pollock, and Bill Pollock spent the weekend in Calgary. Mr. A. Ryan returned a couple of weeks ago to resume work on the Collins house. The way F. Collins is going "brooks" make improvements on his place.

The Gem Community Club is holding its annual election Friday, Nov. 25th, in the Gem School house. After the business of the meeting is over there is to be an interesting programme. The ladies Club is serving lunch. The dance will last as long as the ladies wish.

Let me more shaking! accidents will happen. Let everyone make a special effort to give the Young People's hour. Hours of pleasure they will remember in years to come.

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. A. C. Clifford of Arrowwood, Alberta, announce the marriage of their daughter, Evelyn Bennett, to Mr. Russell Benjamin Snyder, of Warner, Alberta; the marriage to take place quietly in the latter part of December.

## CURLING CLUB ORGANIZES FOR COMING SEASON

Organization work for the 1938-39 curling season got under way with a meeting at the office of Wm. McLaws on Monday night, with the President, Irvine Young, in the chair. The meeting was opened with reading of the minutes of the last meeting which were adopted as read. The financial statement was then placed before the meeting; it showed a reduction of approximately \$40.00 in the bank balance. It was also adopted. A new slate of officers was then elected for the coming season.

Len, Pres. S. W. Playfair, Pres. A. I. Young, Vice-Pres. M. Hayes, Secretary, G. I. Flood, Auditor, Jas. R. Donaldson.

A membership and ranking committee was also set up consisting of W. Macdonald and Wm. McLaws. After considerable discussion among those present a new schedule of fees was adopted for the year. The fee was \$12.50 for the first year, \$5.00 for "green" curlers, \$5.00 for those "living outside the town limits, \$5.00 for boys under 18, and \$5.00 for ladies. The fee was \$12.50 for a straight "10.00 for all except ladies and boys under 18.

As the Club requires a minimum of 1500 members, the executive was empowered to raise the \$7.50 fee for "old" curlers up to a maximum of \$10.00, only if it was not possible to raise it in any other way.

It will be the aim of the committee and executive of the Club, to make the coming year a more pleasant one than the past. To accomplish this will require the co-operation of every person who is the "last bit" interested in curling in Basano. Last year a shortage of players provided an obstacle, in that not as many risks were taken as last year.

Let me more shaking! accidents will happen. Let everyone make a special effort to give the Young People's hour. Hours of pleasure they will remember in years to come.

Let me more shaking! accidents will happen. Let everyone make a special effort to give the Young People's hour. Hours of pleasure they will remember in years to come.

### WEDDINGS

**BARTSCH-CAMPBELL**  
A quiet wedding was solemnized at 5 p.m., November 13 at St. David's Church, Elmore, by the Rev. T. J. Williams, when he united in marriage Allan Dorothy, twin daughter of Mrs. E. Campbell of Elmore, to Mr. John J. Bartsch, only son of Mr. and Mrs. J. Bartsch of Marjorville, Alberta.

The bride was very becomingly attired in the latest fashion, her transparent velvet gown cut on princess lines. She wore a black hat, shoes and a long veil. Her ensemble was completed by a corsage of Tullamore roses.

The only attendants were Miss Marie Campbell, sister of the bride, and Mr. John Tule.

The bride party gave a served luncheon after the ceremony at the home of the bride's mother.

Later in the evening the young couple left on a honeymoon trip south, the bride traveling in a rust coupe dress with brown accessories. They will reside at their farm at Marjorville.

Mr. Bartsch is a brother of Mrs. Allan Yule of Basano. Mr. and Mrs. Yule attended a wedding dance in honor of the couple in Marjorville last Friday night.

**JANZEN-JANZEN**  
A wedding of much interest was solemnized Friday, 5 p.m. at the Methodist Church, when Lavinia, third daughter of Mr. and Mrs. J. Janzen was united in marriage to John Janzen, son of Mr. H. H. Janzen and the late Mrs. Janzen of Gem.

A party was held at night in honor of the young couple.

Mr. and Mrs. Janzen will reside near Rosemary.

**TEIGLAND-SANDS**  
A very quiet, but pretty wedding was solemnized on Sunday, Nov. 13, 1938, at the home of Mr. E. O. Teigland, Basano, when Miss J. Sands, daughter of Mr. and Mrs. J. Sands, was united in marriage to John Janzen, son of Mr. H. H. Janzen and the late Mrs. Janzen of Gem.

A party was held at night in honor of the young couple.

Mr. and Mrs. Janzen will reside near Rosemary.

Mr. and Mrs. L. Mott are visiting friends at different points in "Bask" Mr. and Mrs. Ed Mott are on the P. Powell farm, south of Lathorn.

Mr. and Mrs. T. Maguire of Basano were called at the Goshing house Friday evening.

Mr. J. Salmon sold his lamb on Billy Boyce, Brooks.

## NEW FIRE SIRENS TESTED ON MONDAY

The Townpeople of Basano may have been somewhat startled last Monday afternoon as they heard what sounded like the beginning of a Tornado News broadcast. However it was only the Fire Department playing around with their new, (and useful) siren, the fire siren. In fact there were three sirens and the department was testing them to find the most suitable one.

It is some time since it was proposed to modernize the fire fighting equipment and a siren to take the place of the old bell, was one of the improvements planned upon. At the last Board of Trade meeting an appropriation for the siren was passed with the result that some action has already been taken.

Negotiations are going on between the fire department and the town council in the hope of financing motorized fire fighting equipment to replace the horse drawn fire wagon now used by the fire department. If present plans are carried out Basano will then have modern equipment, and the fireman will no longer have so many hand tools to overcome in fighting fires.

## LADY CURLERS TO ORGANIZE FOR COMING SEASON

Later enthusiasts of the curling game are requested to attend a preliminary meeting of the Basano Ladies' Curling Club, to be held at the Curling Club, at 8 p.m., Monday night at 8 p.m.

The meeting has been called for the purpose of re-organizing the club for the coming season, electing officers of the Club and discussing plans for the winter pastime.

All ladies in the town and district who are at all interested in curling are cordially invited to attend. Remember the date, next Monday night, Nov. 28th, and the time, 8 p.m. in the office of Wm. McLaws.

### TURKEYS TO BE GRADED AND BOUGHT IN BASSANO

Announcement that Turkey and Poultry will be graded and bought in Basano, has been made this week by Henry Hepburn. Dates set for the grading and buying will be Thursday, Dec. 8th, Monday, Dec. 12th, and Friday, Dec. 16th. Watch for posters for full particulars.

Poultrymen are advised to keep these dates in mind, and to bring their birds in for market on any of the three. Highest possible prices will be paid.

Mr. Hepburn is an experienced poultry grader, and to assure a more

## E.I.D. NOTES

### EASTERN IRRIGATION DISTRICT CROP REPORT - 1938

Crop	Acres	Yield	Average
Wheat	62,222	5,061,119	81.3
Oats	19,008	757,530	40.3
Barley	7,494	273,283	36.3
Mixed Grain	5,320	121,713	22.9
Flax	2,598	34,985	13.5
Rye	241	4,014	16.7
Speltz	103	5,410	18.7
Al. Hay	19,388	1,431,120	73.9

Al. Seed	1,536	124,458	99.3
B.C. Seed	434	195,300	45.1
Pump	1,117	1,558,649	1,396.4
Beans	49	62,640	704.9
O. small seed	277	92,532	251.9

TOTAL AVERAGE 117,541

The attention of all contract holders is called to the fact that unless the principal payment due under their contracts on the 1st of December, 1938, is paid to the District Office on or before that date, the interest which has accrued against the outstanding principal will be charged. In most cases this interest charge will amount to the principal payment and it is to the advantage of every contract holder to make his principal payment promptly in order to save the interest charges. It should be noted that all arrears under the land contracts must be paid before the payment for the current year will be accepted.

### Poor Quality of Potatoes

Owing to the District not getting potatoes of a quality satisfactory for the retail trade, the District is not arranging further shipment just this year.

Robertson and Douglas in full charge. The General Manager left on a two-day vacation Friday at last week, intending to visit the Chicago International Show and exhibits in Eastern Canada. During his absence Messrs. Robertson and Douglas will be in full charge of business and their work responsibilities.

(Additional E.I.D. notes on page 4)

### SCHOOL DIVISIONS

**T**HE PROPOSAL to create a large school division extending roughly from Tilley on the East to Nanaka on the West, between the Bow and Red Deer Rivers has been defeated, with the result that there will be two districts operating where one would have sufficed, with economy in operation and efficiency in administration.

The change in the proposal was effected without publicity notice or warning of any kind. It will suit certain affected interests greatly, and by that we do not mean the farmers in the E.D. To them it will only mean added cost, because, clearly, it will cost too much to operate such a district with only twenty-two schools included. The school division contemplates operating sixty or more rural schools.

The party behind this move is our worthy member, Mr. W. E. Cain. It is not hard to move it is hard to find it. It merely means another office for the Town in which he resides, and to that extent, he is entitled to the congratulations of his fellow citizens. We are sorry that we cannot concur, nor can we join in the congratulations, so heartily extended to the Government by a contemporary. This may be a case of "sour grapes"; but there you have it.

### BENNETT STEPS OUT

**W**HEN R. B. BENNETT announced the purchase of a home in Surrey, England, it was not unexpected. Indeed, unless rumour be a very lying jade, such a move was contemplated long before he took over the leadership of the Conservative party. At that time he scolded the head of Max Allen, now Lord Beaverbrook, and plunging headlong into the bigger field of British politics.

Now that Mr. Bennett has practically retired from active participation in party politics, there will be but few unprepared to admit with readiness that the events which led him to abandon his then design were fortunate for the Dominion of Canada.

As a private citizen, as a leader of the Opposition, and as Prime Minister, he has also qualities and gifts given to few men. Better speakers, greater mentalities, harder workers, men with gentler sensibilities, others more intolerant than he, may come and go—but it will be many a day before another combining his many excellent qualities and qualifications, and his few defects, will adorn the public scene in Ottawa.

No one will deny him his right to retire—if his nature will permit him that privilege; nor to wish him long life and good health to enjoy his retirement, or success in another field if he chooses to enter the lists, which latter is more than likely.

### HITLER'S FIRST MISTAKE

**A** COLUMNIST wrote the other day that since Hitler wrote his book "My Struggle", in which he laid down his creedance then the bible of Germany, he has pursued, steadfastly each and every one of his aims and objects with success and without ever having made a mistake. He has achieved most of his objectives and, it appears, has also made his first mistake.

The horrible treatment of the Jews in Germany, and only to a lesser extent the attitude adopted towards religion and religious beliefs practised and preached there, has caused a revolution of world wide feeling against the Nazi cause—a cause which was not without its admirers even in the democracies.

With the entire Jewish race, Roman Catholicism, much of the Protestant faith and the remaining democracies rapidly lining up against the Nazi creed and philosophy of Might, it looks as if success has gone to Hitler's head and caused him to make his first serious blunder.

As a result when he makes his next demand, whether it be for a return of colonies or for more territory in Eastern Europe, he will very likely find the path not so easy as the one he trod so confidently at Munich in September.

### LEGISLATIVE SESSIONS

**S**EVERAL SESSIONS of the Legislature in three years is some sort of a record. And that is what the Alberta Government can lay claim to, presumably as a record of achievement, in pursuit of Social Credit ideology.

Had the legislation enacted been other than of the "start, stop and reverse" brand or been able to stand the test of legality, it might not have mattered so much. As it is, all, or nearly all, of the legislation passed concerning Social Credit has been repealed or killed in the Court. And the suspicion persists that the Government knew beforehand the fate that would befall most of this legislation.

A Legislative holiday, and better administration of existing statutes might be in order, but we surmise, that so long as there are special sessional indemnities waiting to be grabbed off by the financial reformers, special sessions of the Legislature will remain with us.

### AN EMPTY GIFT

**T**HE DECISION of the Alberta Government to cancel all outstanding indebtedness in respect of seed grain and relief advances made between 1917 and 1922 is an empty gift. Practically all of it to the knowledge of the Government is uncollectible or too expensive to collect. It was only good business to cancel these debts off the books, but there is something hypocritical in the claims of beneficence once attached to the action.

### U.S. TRADE AGREEMENTS

**T**HE THREE-WAY trade agreements between Great Britain, Canada and the United States represents perhaps more than a bargain based on trade economics. They may have great political significance as showing the trend of thought in the Anglo-Saxon democracies. It is however, worthy of note that the United States will make some 400 concessions to Canadian trade, whereas Canada will extend the helping hand on some 1,500 items to Uncle Sam.

### A TASTE OF HELL

A farmer knocked at the peary gate.  
His face was scarred and old,  
He stood before the man of fate  
For admission to the old  
"What have you done," St. Peter asked.  
"To gain admission here?"  
"I've been a farmer, sir," he said,  
"For many and many a year."  
The peary gates swung open wide  
As St. Peter touched the bell,  
"Come in," he said, "and choose your harp,  
You've had your taste of hell."  
—Exchange

### FROM OUR EXCHANGE COLUMNS

"TO WAD SOME POWERS THE GIFTIN GIE US  
TO REE OURSELVES AS ITERS REE US," Burns

### ALLNUTT QUITS JOB

A. J. ALLNUTT has resigned as "director of public relations," owing to the pressing needs of his own affairs, according to recent reports from Edmonton. Mr. Allnutt was chosen by the "social credit" government to issue true statements of government activities, to insure the public of accurate knowledge as to what the government was accomplishing. This was issued in the form of a circular letter to the Alberta press, from time to time, with the idea in mind that the said press would publish it. It was to contain no political propaganda. It is months now since we have seen one of these letters, quite possibly for the very good reason that very few, if any, editors ever used the stuff. After all, why should they, when at the least provocation the premier would blast the Alberta press wide open.—Delbourne Times.

### NOTHING BUT WIND

CALIFORNIANS have a lot to learn from Albertans; or Californians have learned a lot from Albertans. It is all in the way you look at it. If they cannot see where \$30 every week is not a vast improvement over \$25-a-month, they must surely be dumb. It may be that they are much smarter than us—on Tuesday the majority voted against \$125-a-month (\$30 every Thursday) on condition knowing that it would turn out to be nothing but wind.—Coronation Review

### BREACH OF GOOD TASTE

WHEN PREMIER CHAMBERLAIN deprecated the type of broadcast given by Lloyd George and Winston Churchill to radio audience in United States, he has the sympathy of most people. In community life everyone holds in contempt, any member of a family who dashes out to the neighbors to tell his angle on troubles which are strictly family affairs. The same thing is true on a national scale. It is a breach of good taste, if it is nothing more serious, for any Englishman to seek an audience in a foreign land in order to condemn his own country. It is not to be expected such violations of manners and decency would be appreciated by American listeners.—High River Times.

### CHRISTMAS TREE CUTTING

LOATH AS ONE MAY BE to face the fact, the Christmas season is again rolling around. And with the festive day comes the inevitable Christmas tree. For many years past, the normal pleasure in the gay little fir tree has been diminished with the thought that possibly it should have been left to grow into a big tree. The protest of ranchers up the river, against any further cutting of evergreens from their land, has been supported by strong arguments in respect to forest conservation and ultimately water conservation. It is understood that Christmas tree cutting on the forest reserve west of this district, is also forbidden. Those who are seriously engaged in the growing of fir trees for market in Eastern Canada, British Columbia and United States, are said to be carrying on the industry intelligently, and after their stands from year to year supply the market without diminishing future resources. They turn their less productive type of soil to tree growth, removing only one tree of every twenty-five or more, and keeping the growth to the required size.—Vulcan Advocate.

### POOR MARKSMANSHIP

HUNTERS returning from their several shooting trips in the west country have brought back a number of disturbing facts concerning the wild and furious marksmanship of tenderfoot hunters. For instance, a homeslayer had two of his horses shot dead in mistake for big game. A hunter had left his car with a big fur robe over the engine and when he came back to drive away he found that some enthusiastic huntsman had ridden the nose of the car with bullets, no doubt mistaking it for a bear.—Innisfail Province.

### UNITY IS IMPERATIVE

THE OUTLOOK for opponents of "social credit" is far from promising. It is evident and freely admitted by those who give any thought to the matter, that division means defeat. Surely it is not beyond the realms of possibility that all in this constituency who are sickened of the pretences and chicanery of the present government, should demand that the leaders of the various groups devise some means whereby unity can be established in order that the end desired by all of the opposition groups—the defeat of Ab rhart and his gang—may be accomplished without fail.—Delta Times.

### CAMERON'S CARTOONS SELLING

CARTOONIST CAMERON'S book of cartoons on political events in Albertaria is proving as big a seller as the Albertart blue manual was in the days of the promised Social Credit dividends.—Drumheller Review.

### FALL POETS

ALTHOUGH much has been written of the spring poet and his many faceted gems of verse, it would appear that other seasonal singer, the bard of autumn, has been accorded but a modicum of the publicity which is richly his.

At present, in the North Temperate Zone, fall poets, even though they may not be able to rhyme acceptably, are unusually busy that they may enjoy to the fullest the varicolored pagentry of waning year. The good earth is the parchment where they record the fact that they are not entirely unaware of nature in her varying moods.

While spring songsters bestride an occasional recalcitrant Pegasus for flights of fancy, your fall poet hitches the same steed to a wheelbarrow freighted, not with indifferent verse, but with dry and crackling leaves, carefully mulching rose bushes and other perennials to the end that, when the verdant season dawns once more, singers may have floral subjects worthy of their best efforts.

Give then, to the fall poet, his full meed of recognition, for while his efforts may be unprinted and unsung, they will later provide the inspiration for showers of spring sonnets.—The Christian Science Monitor.

When, to unlively close is brought  
The day,  
By burrowing clouds that from  
The void of prey  
Come drifting low across the setting  
sun;  
When night birds call their mates  
and day is done,  
I call to you!  
When sleeps the world from turmoil  
of the throng;  
When darkness stretches through the  
drear night long;  
I hungry-hearted, yearn for you, and  
kiss  
The place your dear head rested, and  
no miss  
The touch of you!

## FRESH FISH BOOKLET

The Department of Fisheries, Ot-  
tawa, has just released a most help-  
ful and interesting booklet "100 tempt-  
ing Fish Recipes". The recipes are  
planned specifically for Canadian fish,  
and are tested by well known home  
economists. — Interesting chapters on  
the food value, vitamin content, and  
the way to buy fish are also included.  
Most popular recipes in this book  
for everyday use will be Canadian  
Pinnar Haddock. The recipe with the  
most come-lither in the title is Hug-  
ger-in-thuff. You may learn how to  
make it by writing the Department of  
Fisheries, Ottawa, for your free copy  
of this Booklet.

## DANCE

will be held in the  
**Latham Hall**  
FRIDAY, NOVEMBER 25th.  
Commencing at 9 p.m.  
COME ONE! COME ALL!  
—a big time is assured all—

Music by  
the Bassano Orchestra  
Admission: Gent's 50c  
Ladies Please Bring Lunch.

## DANCE

## HOCKEY IN BASSANO THIS YEAR, AS IT SHOULD BE PLAYED

A meeting of the Bassano Hockey  
Club was held in Harvey Smith's  
Office last Sunday at 11:00 o'clock.  
As this was the first meeting of  
the club for 1932-33, considerable dis-  
cussion took place in addition to re-  
organizing.

A secretary, manager and coach  
were the only officers elected. The  
election of an executive was thought  
unnecessary for at least the present  
time. James Avery was elected sec-  
retary treasurer. Bert Downs as man-  
ager and Ralph Marquardt as coach.  
As most of the players were in at-  
tendance plans for the coming cam-  
paign were thoroughly discussed.

It was decided, if possible, to af-  
filiate the club with some league.  
Proposals for the formation of a  
league have already been received  
from surrounding towns and will be  
thoroughly investigated.

It was thought from the material  
available that the team should be suf-  
ficiently strong to be entered in the  
provincial play-offs. This has been  
the aim of the club for the past year  
and your support will make a strong  
bid for a position in the play down.

The loss of two last year players  
will be offset by the good fortune of  
two players having moved into the  
district. Two former Gleichen Gun-  
ner players will also, in all probability,  
be connected with the team.

With the aid of these four players  
namely: Appleton of Coonessa, Mel-  
bourne of Mapleke, Murray and  
Boegite of Gleichen, the team of last  
year will be advanced considerably in  
spite of the loss of W. Marquardt and  
J. Derry, two valuable players, who  
are going north. Appleton and Mel-  
bourne are former Medicine Hat play-  
ers.

The urgent need of support was  
impressed, and every effort will be  
made to attract patrons to the games this  
year.

BORN—To Mr. and Mrs. Ken Hanson  
Bassano, a daughter on November 21,  
1932.

BORN—To Mr. and Mrs. Ralmond B.  
Poz, Chasile a daughter on Nov. 22,  
1932.

## Weekly Recipe

And here's a main dish so light  
and fluffy as anything you ever ate.  
Secretly, with creamed peas for a de-  
corative touch and subtle combination  
of flavours  
**CANADIAN SALMON PUFF**  
3 medium-sized potatoes  
1 lb. can Canadian Salmon  
1 tablespoon butter  
1 tablespoon flour  
1 1/2 cups milk  
1 teaspoon salt  
1 teaspoon pepper  
1 teaspoon Worcestershire  
1/2 onion, grated  
3 eggs, separated  
Cook potatoes in boiling water  
until tender, drain and mash. Drain  
salmon, remove skin, flake with fork.  
Combine potatoes and salmon. Melt  
butter in flour, add milk gradually,  
cook until thickened, stirring con-  
stantly. Add seasoning and salmon  
mixture. Add well beaten egg yolks,  
fold in stiffly beaten egg whites. Pour  
into casserole or individual rankins.  
Place in pan of hot water,  
bake in moderate oven (375 degrees F.)  
until set, about 40 minutes for a large  
casserole and 20 to 25 minutes for in-  
dividual rankins. Serve at once,  
and enjoy heartily.

## In Police Court

In local police court on Monday,  
Nov. 21st, Elmer Meldinger of Bassano  
was found guilty of driving an auto-  
mobile to the common danger. Evi-  
dence was given by Const. Ingeberg  
and corroborated by Const. Casselman  
of the R. C. M. P. that Meldinger  
drove past the intersection near the  
jeans court, and within the town  
limits, at a speed not less than 35  
miles per hour. He paid a fine of ten  
dollars besides the costs. The vehicle  
and Highway Traffic Act of Alberta  
provides that the speed limit is ten  
miles per hour at that corner, when  
approaching it from the north.

## CARD OF THANKS

I wish to thank my many friends  
of Bassano and District who so kindly  
visited me, or sent me flowers, during  
my recent illness in the Bassano  
Hospital. May I also express my  
gratitude to Dr. Scott and the nurses  
on the Hospital Staff.

Harold Nall  
Mapleke, Alta.

## CARD OF THANKS

Mrs. Ralph Robson of Gem wishes  
to express her sincere thanks and  
gratitude to Dr. Scott and the nurses  
of the Bassano Hospital for their  
many kindnesses to her during her  
recent weeks in the Hospital.

## ENLIGHTENMENT AND LIGHT

A very interesting and enlightening  
hour was spent by three rooms of  
Bassano School when Miss Pearson  
and Miss Williams, representing the  
Calgary Power Company, addressed  
the pupils on the good and bad points  
of modern lighting for homes. A  
lively question period followed the  
showing of a number of slides. Every-  
thing was discussed from the location  
of Alberta's hydroelectric plants to  
the structure of the modern light  
meter. This information coincided  
very nicely with the science course  
for grade 9, and the health courses in  
other grades. The speaker must be  
complimented on her broad knowledge  
of the subject and on the patience she  
displayed. It was a pleasant and  
worthwhile experience for the children  
which may someday result in practical  
application of the principals demon-  
strated.

## EDUCATION—AIN'T IT GRAND!

Seven years ago I entered University, and since then I have spent a little short of three years come this April within its walls. What have I done?

Well, to begin with, I smoked 17,000 cigarettes, drank 740 cups of Varsity Shop coffee, and 666 glasses of beer. I bought 66 books, 40 of which I subsequently resold, and went to 469 lectures, 350 of which were not worth listening to. I came into personal contact with 10 professors, 3 of whom were teachers in the best sense and 5 of whom I considered more stupid than myself. Three of my twenty courses I passed by, hearing the notes of a friend taken more than five years previously. The professors had not improved, or even changed their lectures by so much as even a single word, 200 examination questions were set before me, in answer to 250 of which I regurgitated a nauseous mass of partly-digested lecture notes.

More valuable and vastly more in-

teresting were the 100 "hall sessions" I took part in. In the course of these I argued for communism to 100 times, for controlled capitalism 50 times, proved there is no God 39 times, and made 3,600 very wise remarks concerning women.

From the library I drew 300 books, of which 60 were reference books and the rest chosen with the selectivity care a magpie might use in a five-and-six-cent store. I resolved to read the reference books, go to the lectures, and thereby make high marks to please my parents at times.

In my spare time, which was plentiful, I attended 11 Varsity formal dances, 11 of which were boring; 50 motion pictures, 3 of which were excellent, and took out 15 different comedies, 4 of whom were "pleasers," companions and 6 of whom I wouldn't marry to Adolph Hitler. On 5,663 occasions I worried about the future. Soon I shall be Educated! Ain't it grand?—Ez.

## out that COUGH started by a COLD!

When Rexall Cherry Bark gets to work, happy smiles spread over faces distressed by a hacking, irritating cough! And smiles follow the taking of Rexall Cherry Bark Syrup, for it is so pleasant tasting! It soothes the membranes, too, and a good expectation! Children never balk when given this cough syrup. Buy it at your Rexall Drug Store.

## Interesting Items

You are invited to contribute to this column. Phone your news items to B, the Recorder Office.

Mr. Wm. McLaws is a business visitor in Calgary today.

Father Morrow was a Bassano visitor on Wednesday.

Mr. and Mrs. Douglas of Brooks were recent visitors in Bassano.

Rev. Father Leonard, O.M.I. and Brother Gaudet of Cluny were Bassano visitors on Sunday.

Mr. Robert Donaldson of Brooks visited at the home of his father, Mr. Jas. R. Donaldson, over the week-end.

Mrs. Whitson, Guide Commissioner of Brooks, was a guest of Mrs. Snape on Tuesday evening.

Mr. Hugh Gayford of Calgary was a Bassano visitor at the home of his parents Sunday and Monday.

Mrs. Margaret Douglas was a Calgary visitor on Saturday, returning Sunday morning.

Miss Pearson and Miss Williams of the Home Service Department of the Calgary Power, are Bassano visitors for a few days.

The Secretary of the Albar Society would appreciate promised donations to the Christmas Hamper, also sewing, being sent in as early as possible during the coming week.

Mr. Henry Hepler was a Calgary visitor on Tuesday, where he attended the Government Turkey and Poultry grading School.

Jim Maguire left this morning for Regina, where he will visit his sister and family. Mr. and Mrs. Art Sheppard, for a few days.

The Catholic Ladies' Albar Society is holding its first Tea and Sale of Needlework and Novelties on Saturday, Dec. 3rd. They would appreciate the patronage of the Ladies of Bassano and surrounding district. Thank You.

## ANNUAL WHEAT POOL DELEGATES MEETING

The result of the operations of Alberta Pool Elevators for the crop year 1937-38 showed an earning of \$235,430.42. This compares with an operating deficit of \$171,044.11 experienced in the previous year. The 1937 crop was a small one, 74 million bush, and pool elevator handling totalled 23,564,279 bushels, or 4 million more than in the 1936-37 season; also marketing conditions were extremely erratic and the consignment with which the future prices were lower than cash quotations eliminated the usual profit from carrying charges. In view of this the result of the 1937-38 year, as obtained by Pool Elevators can be considered satisfactory.

After allowing depreciation of \$26,565.86 and paying interest of \$243,531.15 to the Alberta Government, the sum of \$112,374.46 had to be taken from previously accumulated earnings. The balance sheet of the Alberta Wheat Pool shows a liquid position in excess of current liabilities of \$2,175,247.25 as at July 31st, 1938. The free assets in excess of liabilities totalled \$4,103,984.04.

It would appear that Alberta Pool Elevators did remarkably well in the face of adverse conditions as existed in 1937-38.

## E. I. D. NOTES

(Continued from Page One)  
Farmers to have field inspected Alberta Feed Crops. Should either seed for cleaning to the Grimm Albar Seed Growers plant immediately. All Commercial seeds and feed for customers cleaning should be delivered to the plant before Dec. 15th.
